Preston University Karachi Celebrates 50th Anniversary of Defence of Pakistan Day with Immense Enthusiasm

Preston University, Karachi commemorated 50th Anniversary of the Defence of Pakistan Day with immeasurable enthusiasm. In consonance with the importance of the Day and to pay tribute to the martyrs of September 6, 1965 war the University organized a Guest Speaker session at its main campus.

The distinguished Guest Speaker on the occasion was Air Commodore (R) Shabbir Ahmed Khan. In his brief discourse on the September 6, 1965 war between India and Pakistan, Commodore Shabbir Ahmed Khan highlighted the circumstances that led to the war between the two neighboring countries. He emphasized on the occasion that Pakistan was dragged into the war by India. Regardless of the reasons for the war Pakistan's gallant Armed Forces gave a befitting response to the Indian Armed forces and fought them with unparalleled valor. The bravery of the Armed Forces was indeed exemplary.

Commodore Shabbir said the courage and sense of devotion with which each and every soldier and officer Pakistan's Armed Forces fought the war against India in 1965 would be remembered by the Pakistani nation for a long, long time to come. On the occasion Air Commodore Shabbir Ahmed Khan also briefly spoke about the social services he is engaged in. In this regard he mentioned about some of the projects he has so far undertaken for the benefit of the downtrodden community.

Earlier, Dr. Tahir Rajput, Vice Chancellor, Preston University Karachi extended a warm welcome to the honored Guest Speaker, Air Commodore (R) Shabbir Ahmed Khan. He also briefly spoke about Preston University and its academic programs. Director General, Mr. Aftab Lodhi also spoke on the occasion. At the end of the session a shield of Preston University was presented to the Guest Speaker as a token of appreciation.

Ambassador informed the distinguished audience that each year more than 1,300 Pakistanis travel to the United States for academic and professional exchange programs. In addition to Master's and PhD programs, other U.S. government academic exchanges support study at high schools, universities, and community colleges in the United States.

Earlier, in his welcome address on the occasion Mr. Abdul Hamid, Pro Chancellor Preston University extended a warm welcome to Chief Guest Ambassador Richard G. Olson and the other dignitaries and distinguished guests to the Farewell Luncheon. In his address, Mr. Abdul Hamid said, in a capital like Islamabad, it is not uncommon to witness receptions and dinners hosted in honor of diplomats departing after completing a diplomatic assignment in the country. However, a few of these events are rather memorable and touching. And, today's Farewell Luncheon in honor of Ambassador Olson is one such memorable occasion. He said, looking back at the tenure of Excellency Richard Olson as US Ambassador to Pakistan, one gets the unmistakable feeling of deep satisfaction ... A satisfaction of having made a good friend, A satisfaction of knowing a diplomat par excellence, A satisfaction of having achieved a better understanding between the two countries. And above all a satisfaction of looking forward to a future of further improved relations between the two countries. Mr. Abdul Hamid also briefly spoke about Preston University and highlighted some of its significant achievements since its establishment three decades ago. Jurist of international renown and Chairman, National Commission for Human Rights, Justice (ret'd) Ali Nawaz Chohan and Dr. Ghazanfar Mehdi, Chairman Archaeological and Historical Association of Pakistan also addressed the distinguished guests present at the Farewell Luncheon.

Mathematics should remain in touch with international mathematicians; our universities can facilitate such interactions by holding seminars, workshops, conferences and promoting exchange programs. The

Chairman HEC profoundly eulogized the organizers and sponsors of the Conference for sustained efforts and creating the forum of International Pure Mathematics Conference in generating a true mathematical culture in mathematics. He assured the organizers of his full support in organizing such significant events on a larger scale in future.

Earlier, in his welcome address Professor Dr. Qaiser Mushtaq, Vice Chancellor of the Islamia University of Bahawalpur and President of the Pakistan Mathematical Society, briefed the participants about the historical background, contribution and significance of thematic mathematical conference series (IPMCs) being held since the year 2000. He thanked Professor Dr Mukhtar Ahmed, chairman HEC, Professor Dr Abdul Basit, Chancellor, Preston University and the participating organizations for their support in making the event a great success. Dr Allah Wadhayo Baloch, Registrar Preston University also spoke on the occasion.

The International Pure Mathematics Conference has become the only forum in Pakistan bringing Mathematicians of international renown, from across the world, on one platform and providing a unique opportunity to the researchers and scholars to share their latest ideas in one of the most crucially significant fields of applied sciences.

In his address Senator Pervaiz Rasheed, Federal Minister for Information and Broadcasting said Sardar Abdul Qayyum Khan has left an indelible mark on the Kashmir movement. He was a man of remarkable traits, and it would not only be difficult but also unjust to confine him to a specific class of people. He was an outstanding political and spiritual leader and also a remarkable human being.

Speaking on the occasion, Sardar Atique Ahmed Khan former Prime Minister of AJK at the outset expressed his gratitude to Dr. Abdul Basit Chancellor of Preston University for organizing a Reference in memory of his late father. He also thanked the illustrious speakers who shed light on the life and achievements of Sardar Abdul Qayyum Khan. Talking about his father, Sardar Atique said that despite always being in high positions, Sardar Abdul Qayyum Khan lived a down-to-earth life. He never let his position overshadow his in-born qualities of truthfulness and forthrightness. His love particularly for people belonging to the subjugated segment of the society was immense.

In their brief remarks on the occasion, Dr. Abdul Basit, Chancellor Preston University, Dr. Ghazanfar Mehdi, Chairman AH AP, and Raja Yasin Khan, former Minister AJK also paid glowing tributes to late Sardar Abdul Qayyum Khan. They said leaders like Sardar Abdul Qayyum Khan are born in centuries. A magnanimous personality of his stature will be remembered by all those who admired him for a long, long time to come. Others who spoke on the occasion were Dr. Riaz Ahmed, Sardar Sagheer Chughtai, Abdul Majid Amjad and Mr. Naeem Qureshi.

Students pursuing their studies at the bachelors and masters level, in various disciplines, participated in the events with immeasurable exuberance. They wholeheartedly demonstrated their love and respect for the gallant Armed Forces of Pakistan and also the civilians who sacrificed their valuable lives to defend their beloved motherland-Pakistan.

An impressive ceremony was organized at the conclusion of the day-long event to distribute prizes among the first, second and third position holders of different events. Former Director General Inter Services Intelligence (ISI) and eminent Defence Analyst, Lt. General (R) Asad Durrani presided over the ceremony as Chief Guest. Briefly speaking on the occasion, General

Durrani shared his experience of the 1965 war with the students, faculty and staff of the University. He said with a sense of pride that best part of the entire episode was that the people of Pakistan stood like a rock with its Armed Forces during the entire war. The unity they demonstrated with the Armed Forces of the country has no parallel in recent history. The commendable unity shown by the people, in the 1965 war, bolstered the courage of its armed forces which not only fought its enemy bravely but also ousted them from the Pakistani soil. General Durrani said "Our brave officers and soldiers alongside the proud people of Pakistan have set unprecedented examples of heroism and resilience in their fight against militancy. The sacrifices our Armed Forces made in the 1965 war can never be forgotten.

The Chancellor of Preston University, Dr. Abdul Basit in his welcome address on the occasion expressed his gratitude to Lt. General (R) Asad Durrani for his distinguished presence at the Pakistan Day Celebrations, organized by Preston University, as Chief Guest. During his address he also paid glowing tribute to the martyrs of the 1965 war as well as those who have lost their valuable lives in the ongoing war against terror.

In his address Mr. Abdullah Gul, son of late Gen. (R) Hameed Gul said his late father brought him and his brothers and sisters up by not imposing things on them but by doing good deeds himself and motivating and encouraging them to follow. He said Gen Hameed Gul played a pivotal role in the Jihad (war) in Afghanistan. During his entire life he intensely spoke about Jihad and Democracy, and played a key role in the acquisition of nuclear technology for Pakistan. Maulana Hamid ul Haq Haqqani, former MNA, speaking on the occasion paid glowing tributes to Gen. (R) Hameed Gul. He said, Gen. Gul was a very outspoken leader and he was respected by all who firmly believe in principles and have undisputed love for Pakistan.

Speaking on the occasion Dr. Abdul Basit, Chancellor Preston University said late Gen. Hameed Gul was truly a hero of not only Pakistan but the entire Muslim Ummah. As the head of Pakistan's Inter-services Intelligence he played a critical role in the war in Afghanistan, and it was due to his judicious planning and professionalism the Soviets had to see the face of utter defeat in Afghanistan. He thanked Gen. Mirza Aslam Beg, former Chief of Army Staff, for accepting the invitation of Preston University to preside over the Reference as Chief Guest. He also expressed his gratitude to Mr. Abdullah Gul, Agha Murtaza Poya and the other distinguished speakers for participating and speaking on the occasion.

Dr. Ghazanfar Mehdi, Chairman AHAP, Prof. Dr. Z. A. Qureshi, Head Department of International Relations Preston University, Mr. Fida-ur- Rehman and other distinguished personalities also spoke on the occasion. They paid glowing tributes to late Lt. Gen. (R) Hameed Gul and shed light on his illustrious life and achievements.

PINSAT Students Attend International Summer Camp and Nano Conference at NCNST, Beijing, China

A group of ten students of Preston Institute of Nano Science and Technology (PINSAT) attended an International Summer Workshop on Nanotechnology and a conference on Nanotechnology called 'Nano-China 2015' at Beijing, China from September 2-11, 2015. Both the events were organized by the National Centre for Nanoscience and Technology (NCNST) Beijing, China. The students of PINSAT were invited by NCNST under the terms of the MoU signed between PINSAT and NCNST.

The 'Nano-China 2015' was an International Conference held from September 4-6 2015. Some leading scientists in the field of Nanotechnology presented their latest research work in the field of nanotechnology at the referenced Conference. Eleven parallel Technical Sessions were held covering different aspects of nanotechnology. At the closing ceremony Ms. Momina Aamir from PINSAT spoke on "Nano Education in Pakistan".

The Workshop started immediately after the China Nano Conference. The students were divided into 5 groups of 2 students each. Each group was assigned a laboratory where the students performed experiments under the guidance of a PhD student. The students had an opportunity not only to work first hand on state-of-the-art equipment in the field of nanotechnology but also to interact with other researchers and professors. At the closing ceremony of the Workshop, Professor Liu Minghua, Director of NCNST congratulated the students on their performance during the summer camp. He also distributed certificates of participation among the participating students.

Besides the academic program, the Chinese hosts arranged some cultural evenings for the participants. A presentation on the culture and history of Pakistan was made by Ms. Shazrah Shahzad from PINSAT during one such cultural activity. The students also visited some historic places like the Forbidden City, the Summer Palace and the Great Wall of China.

Impressions of some PINSAT students regarding the International Workshop on Nanotechnology and 'China Nano 2015 Conference: By attending the conference we learned a lot of new ideas and directions in which research is going on. It was also a great opportunity to meet with some of world's eminent scientists working in the field of Nanotechnology. Kamran Amin

I met a few professors to discuss my future research interests. These interactions proved to be very helpful in clearing my future plan of action in nanotechnology. As a whole this trip was very beneficial for me in all respects. Jabran Saleem
